

VALENT LIMITED WARRANTY AND DISCLAIMER POLICY

Please read the **Valent Terms and Conditions of Sale** for additional details, conditions and exclusions.

PRODUCT WARRANTY

Valent warrants that at the time of delivery and for a period of eighteen (18) months from the date of shipment, its products will be free from defects in materials and manufacture, provided that the products have been installed properly, maintained and operated under normal conditions and serviced in accordance with Valent's instructions, and are operating within capacities and ratings set forth in design specifications. Labor or consumable parts are not included in this limited standard product warranty. Consumable parts include, but are not limited to, refrigerant, belts and filters.

START-UP LABOR LIMITED WARRANTY

While labor is not included in the Valent standard product warranty, Valent offers a limited labor warranty, for a period beginning on the start-up date and continuing for sixty (60) days, with the completion and documentation of a qualified start-up. The limited labor warranty will not be available if the product warranty has expired. Once the start-up record is received, the (60) day limited labor warranty, from date of start-up, will be activated. Labor associated with the diagnosis, validation and repair of warranty parts failures may be covered outside of the start-up, at a negotiated labor rate.
